Dear Dr. Konjević,

With some delay, I am pleased to send you your official reviewer certificate in honour of your nomination as best reviewer 2009 for the *Journal of Quantitative Spectroscopy and Radiative Transfer (JQSRT)* on behalf of the Editors-in-Chief.

Please allow me to thank you for your devoted support of the journal. Without the help of our reviewers it would be impossible to maintain a high scientific publishing standard. Your contribution to the quality of JQSRT is therefore extremely valuable to us, and we would like to thank you for sharing in our efforts towards the advancement of science.

I hope we can rely on your expertise and time in the future.

Kind regards,

José Stoop
